Meeting began @ 7:15 p.m.

Members present: Richard Antoniello, Bernadette Burns, Steve Gellar, Annmarie LaRosa, Kevin O'Connor, Anne Rullan

Others present: Scott Brady, Lorrie Director, Paul Michaluk

School Counseling Program Overview

The committee reviewed the presentation *Updates to the School Counseling Program* presented by our Director of School Counseling, Lorrie Director. The presentation included the American School Counseling National Model; the four components of the West Islip Comprehensive Developmental K-12 Counseling Plan; defining counselor roles; the program goals for grade bands K-5, 6-8 and 9-12; the use of Naviance in to support the delivery of personalized learning experiences; and new events such as the Spring Junior College Orientation. Future events that include a fall college planning night, Fall College fair, Challenge Day, Beautiful Me Program and Alumni Day were also discussed.

The committee found the information informative and supports a comprehensive school counseling program beginning with our Kindergarteners all the way through our seniors.

Meeting adjourned at 7:45 p.m.
